The festival is organized by "Tangoforeningen" (*The Tango Association in Copenhagen*). All work is voluntary and we are a non profit festival. Any surplus will go into next year's festival. We spread information on tango – dance as well as the music. Everyone is welcome to take part in the event, since this is a great chance for us to share our passion for tango and reach new potential members.

**THE TANGO QUOTE**

Guys, to dance tango, you must listen to the heart of the woman.

Shoes to go

At the festival market place at the afternoon milonga a variety of shoes, dresses and accessoires are being displayed. We asked two of the vendors about the latest trends in the shoe business. What is new in fashion?

**Silvia Alanis:**

In tango the shoes is a woman's chance to be a lady or a bitch. The shoes I design don't follow a specific trend. I go for 'explosion colours' by putting unusual colours together. I design in leather because if you use fabric the shoes will look old quickly.

**Baska Evran:**

Now, people are more interested in comfortable shoes and they should look nice too. Before, it was more with high heels. The material is still leather, even though I have some costumers who ask for vegan shoes. Vintage models are more in the cloth and less in the shoe design, even though people ask for the classical colours.
